Barbarastraße 7
 49076 Osnabrück
 Room 32/265

From Osnabrück Main Station ("Osnabrück Hauptbahnhof") take **bus no. 21** in direction "Atterfeld" or **bus no. 22** in direction "Hochschulen Westerberg" from bus station 1 ("Bussteig 1") in front of the station's entrance. Leave the bus at the stop "Hochschulen Westerberg" (about 15 minutes bus ride). The buses depart every 10 minutes at 02, 12, 22 etc.

From the bus stop it is a two minutes walk downhill Caprivistraße / Albrechtstraße. The physics department is on your left hand side. It is a red brick stone building with blue window frames.

Entering the main entrance (from the southern side of the building), turn to the right (towards the east side of the building) and take the staircase to proceed to room 32/265 in the second floor (one floor up from the level of the main entrance, east part of the building).
